## ACT 2 JOURNEY

### WHAT IS THE ACTS 2 JOURNEY?

A transformative process led by an experienced team to help you fulfill the vision you have to strengthen your church spiritually, numerically and relationally.

### WHAT WILL HAPPEN?

The Acts 2 Journey cohort is a year long process designed for lead pastors and their vision teams (8-15 people). Together each church revisits their mission, vision and values. They synergize the components of the Acts 2 model and create a three-year strategic plan for each function: connect, grow, serve, go, worship. The Acts 2 Journey cohort is customized for each church regardless of size, location, or culture. Our most recent stats revealed that 46 percent of the declining churches that completed the Acts 2 Journey cohort showed numeric growth.

### AFFORDABLE

The only cost to the church is \$300 for administrative expenses and the cost of lunch for your team.
